DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by US Patent #4,667,448 to SMITH. SMITH discloses the use of a rain gutter (10) including a trough portion (T) having a front face (33) with an upper lip (as at L6), a rear wall (32), and a

bottom wall (34); an integral leaf guard portion (37) extending from the rear wall (32) and terminating in an attachment lip (38,39) proximate the upper lip (as at L6); and a connecting member (35,39) that interengages the attachment lip (39).

Allowable Subject Matter

Claims 2-7 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 8-18 are allowed.
